SENIOR TEAM'S PRACTICE WAS SOMEWHAT UNSATISFACTORY

Shaughnessy was Forced to Call His Men Hard Several Times Yesterday

SECOND TEAM SHOWING UP WELL BY CONTRAST

Yesterday afternoon the Senior team got down to hard work again. This was the first time since their victory over Varsity that the team had a stiff practice. The team has either become over confident or think that they can afford to rest for a time; for at yesterday's practice there was none of that ginger about their play which has marked the work-outs up to this time. The fellows were late in coming out and then when they came on the field and Coach Shaughnessy started them at a running passing game some of them lagged behind and did not take matters seriously at all. The little rest that they have had seems to have set them back in their state of condition. Everyone of the players showed the effects of the practice when they had run across the field a few times and they do not look to be in any too good shape when they finished a run around the track. 'Shag' had them practice the passing run for easily a quarter of an hour and is sparing no pains to make them most proficient in this department of the play. George Draper, was not out in uniform; and only made his appearance when it was much too late to put a uniform on; nevertheless he did some kicking and running and like all the rest he was completely winded after a couple of turns around the track. Montgomery was not out at all as he has not returned from Toronto as yet. He is up there attending some kind of school function at St. Andrew's College School, but ought to have been back yesterday. He too seems to be possessed with that feeling that we don't have to try any more, now that we have beaten Varsity so decisively. In the line-up against the second team the same apathetic demeanour on the part of the Seniors was very noticeable. Time and again the signals went wrong, and the plays got twisted. It is true that Masson and Wool at pulled off some snappy runs but it is perhaps worth noticing that neither of these men were in last Saturday's game. Shaughnessy never skared the men when calling them for misplays or for loafing. All the team came in for these sharp lectures and they all deserved them. In former years, towards the end of the season, interest in the outcome by the team has been most disheartening to the football fans as it is poor sportman-

ship, to not care after you are out of it. This year when we ought to win the championship and are leading the league there should be none of this apathy such as was shown at yesterday's workout. McEvenue tried numerous onside kicks some of which were all right, others were not, in the last week's practices these were never bungled at all. The first team were given possession of the ball on the second teams forty yard line and were told to advance by trick plays and onside kicks. On more than one occasion the seconds broke through and smothered the trick plays and held the seniors very well. After a time the seconds were given the ball and the seniors went on the defensive. Almost before the first team realized what had happened Hob. Gilmour's team had gone over for two touches via. Forbes and Williamson. Forbes, the tricky little quarter-back of the second team played a very noticeable game, and if the seconds can do as well on Saturday as they did to-day they should make R.M.C. go the limit. Hob. Gilmour will take a much strengthened team to Kingston as he will have Fisher, Wickson and Tingling, three first team substitutes on his line-up. Joe Hall is out of the game for a time, having torn a ligament in his ankle. Duclos another of the stars of last Saturday's game with Queen's II will not be able to go to Kingston as he is laid up with blood-poisoning in his knee. The feeling shown by the first team and the lethargy with which they went about the plays and the exercising was noticed by all those who watched the practice. It is up to the team to get rid of this feeling and to get down to hard work right-off, if they hope to get in a sufficiently good condition to beat Queen's a week from Saturday. This game is not going to be any snap to win as Queen's are always hard fighters on their own ground. Last year when the Kingston College was represented by a very inferior team we only beat them by one of the most marvellous plays ever heard of in Canada, namely Billington put over a drop kick from a difficult angle and fifty yards from the goal-posts. It was a play that will never be repeated and this year the team cannot count on anything like that to win the game for them, so they had better first forget about their victory over Varsity and knuckle down to hard work.

SUCCESSFUL MEETING OF HISTORICAL CLUB

Panama and the Canal Discussed in Interesting Papers

The Historical Club held their first meeting of the season last night. The meeting was exceedingly well attended and a very successful evening was passed by those present.

The subject of the evening was Panama, and was dealt with by three papers which were very well delivered.

Mr. Geo. Dewey spoke on the Darien scheme. He showed that one of the great results of that affair was the union of England and Scotland under one parliament, and a second was to draw the attention of the world, ever since that date to thisisthmus, which has recently come to bear such an important part in the great powers and which within the next year or so, is destined to have such a powerful effect upon the trade of the world.

Paterson, the originator of the scheme, had the intention of founding at Darien a colony or port open to the trade of all nations with but a slight toll, which would be a centre for a large part of the commerce of the world and which would distribute

the trade of both oceans.

Mr. Davey explained that it was largely through the lack of support from England that the scheme met with such disastrous results. Of course, combined with this, was the fact that the Scotch showed an absolute lack of knowledge as to governing a colony, and an unwise and unfortunate selection of merchandise.

To make matters worse when the colonists were suffering from lawlessness and lack of supplies, Spain laid claim to their territory and sent an armed force against them. Some of the colonists escaped but the majority surrendered.

As a result of this failure Scotch wrath was kindled against England. The matter was settled by England agreeing to pay for the stock of the company with interest and to pay up the Scotch national debt.

Mr. Dale-Harris in an interesting and well presented paper, spoke of the events leading up to the formation of the Clayton-Bulwer Treaty between Great Britain and the United States. He showed how, by this treaty, both nations agreed to neutrality, that neither have an exclusive control of the canal, and both also assured to public vessels an unimpeded passage through the waterway, and that in time of war the canal would be protected by both nations.

OVERCONFIDENCE

It is often noticeable that after winning a very important game or series of games a team slacks up and tends to take things easy. This is not a cause for comment or criticism except when it is due to overconfidence and then sharp measures are necessary on the part of the coach. It is seldom in the past that McGill has had reason to feel overconfident, but last winter we had a setback, which many people claim was due to nothing more or less than the aforesaid state of self satisfaction. The hockey team, which eventually won the Canadian Inter-collegiate championship, went down to ignominious defeat at the hands of Harvard. It was the only game the team lost during the season and this made it all the more noticeable.

There is a danger this year that our football team may be afflicted with the same fatal failing. It was indeed no mean feat to overwhelm Varsity, but it does not by any means follow that the championship will be easily won. Queen's can not be considered too lightly, and if the team consider that they are easy opponents they may find themselves mistaken. Hard, faithful practice is still needed if the long hoped for championship is to come our way. It will be through no fault of our able coach if the team are defeated through overconfidence. He is taking every precaution to avert this and we wish him success.

Rumours are floating about that certain members of the team have broken training. These we hope and believe are utterly unfounded.

STUDENT'S SUPPLY MAKES A GOOD START

A Large Amount of Business Has Already Been Transacted

The Students' Supply has so far this year proved a great success and the Council have every reason to congratulate themselves on the excellent showing made by the new Co-operative Store. It was thought by many that this undertaking might not prove very remunerative in its first year but from all appearances it should do very well. Already this year the Supply Room has done a large business. No less than eight thousand dollars have so far been taken in.

There has been a great demand for the text books which the supply room handles as it is very convenient to be able to purchase the books right at the College gate and along this line the receipts have been about four thousand dollars. Athletic goods have also netted a large sum no less than twelve hundred dollars worth having been sold. Along these lines the equipment of the supply room can compete with anything in Montreal as only the very highest quality of goods are handled.

The sale of tickets for the games has proved a great help as it tends to draw men into the room who otherwise would not come. Once inside the excellent quality of the goods displayed immediately attracts attention.

There is a competent staff of men working in the supply room. No less than four are required to handle the business which is transacted. The store also does quite a business with the Royal Victoria College. There is a free delivery in connection with the Supply Room and this has also helped considerably.

The Supply Room has now in stock a new line of sweaters which they maintain are of the regulation type in every way.

The success of the Supply Room is largely due to the efforts of Mr. J. Allan Stevenson, the general secretary of the Students' Council. Mr. Stevenson has worked hard over the Supply Room and its success must be gratifying to him.

Mr. E. Ballantyne Reid has also done a great deal to promote the

SUCCESSFUL MEETING

(Continued from page 1.)

Mr. Dale-Harris then showed how the United States gradually became dissatisfied with this arrangement, the feeling gradually culminating in 1901 with the formation of a new treaty, the Hay-Pauncefote treaty, whereby the United States were empowered to construct the canal.

The third paper was read by Mr. Heaton on the Construction of the Canal. After briefly reviewing the history of the canal up to the date when its construction was undertaken by the United States, Mr. Heaton gave a description of the work which had been undertaken and which is so nearly completed. He pointed out that the formal opening of the canal will likely be early in the year 1913.

The paper then went on to discuss the probable effect of the opening of this new water way upon the trade routes of the world. It was shown that the Canal is chiefly an American institution. That with the exception of the western coast of North and South American, the European trade to the Orient will continue to go by Suez. To these countries, however, the advantage in increased trade will be enormous. The advantage to the United States will easily repay the tremendous outlay that she has spent.

After refreshments the meeting broke up.

Membership in College fraternities has more than doubled in the past fourteen years and members now total 389,000.

A course of Photography will be given in Syracuse University for the first time.

Moving pictures have been taken showing every phase of the life of a Princeton student. The idea is to give a lecture on "Four years of Student life in Princeton."

success of the enterprise and he has unbounded faith in the scheme. Mr. Reid believes that in time the Students' Supply will become as large and lucrative as the Harvard Co-operative Store.

JOHN MILLEN & SON, LIMITED

Montreal Toronto Winnipeg Vancouver

Keir Hardie addressed the Student Body of Toronto University last Thursday evening. He spoke on "Present Day Society."

Wycliffe College football team, at a meeting held last week, decided to reconsider their decision and enter for the Mulock Cup. The feeling of the meeting was that whether or not they had a chance for the cup, they would like, metaphorically speaking, to have at least their fingers in the pie.

The McGill men won on their merits, in a hard-fought game, but the score scarcely indicates the play of the greater portion of the game.

The Toronto men suffered perhaps even more from the slippery field, and the backs consequently had no chance to get away. In fact, dodging was almost impossible, and the game was largely a punting duel between Billington and Draper on one side, and Gontor on the other.—Varsity.

NOTES AND COMMENTS

Coach Shaughnessy is going to Toronto to-night to take in the Queen's vs. Varsity game. Frank expects to obtain a very good idea of the style of play our boys will have to go up against in Kingston. Forewarned is forearmed, and therefore he hopes to be able to counteract any new tricks that Queen's may attempt.

Jack Williams whose name for years has been connected with the Ottawa team and who by many is considered as one of the best centre-halves there has ever been in the Canadian game, has turned out with Ottawa College and will play for them against the Rowing Club Saturday.

Thorpe, who is playing for the Carlisle Indians against the Varsity Old Boys on Thanksgiving Day, ought to act as a great drawing card. He ranks as the best all round athlete of the world. His performances at the Olympic game were nothing short of marvellous.

Joe Hall, the speedy flying wing of the McGill second team, is out of the game with a bad leg and will not be able to go to Kingston on Saturday to play against R.M.C.

On a dry field Cuzner, the Varsity right-half would be a very dangerous man. He is fast and uses the straight arm to ward off tackles in splendid style. Last Saturday on two occasions he got away for runs of about twenty yards but the footing was too insecure and there was too much McGill for him to say anything more.

Our team were unable to practice yesterday owing to the heavy rain which fell all afternoon. The field is in a very bad condition first at present owing to the excessive rains

which we have had lately. The games of the last two Saturdays have cut up the turf till the campus is practically a mud-hole.

Owing to Monday being a holiday many of the team are going home and quite a few are going to make a point of stopping off in Toronto over Saturday so as to take in the Queen's vs. Varsity match.

The Ottawa and Montreal Inter-provincial teams have a very strenuous week-end, playing two matches in three days. Ottawa plays at the M.A.A.A. grounds on Saturday, and the Montreal team go to the Capital on Monday.

Trips to Kingston on two successive Saturdays is quite a chance for the second team who in former years have only had one trip each year.

Varsity have had more points scored against them in two matches than McGill have in three games. Varsity in two games have had forty-one points rolled up against them, whereas McGill in three games have had only thirty-seven against them.

At commencement of this season, an Ottawa paper decided that they would keep a log score of football matches. The idea was first started by Father Stanton of Ottawa College and was tried at the exhibition game between Hamilton Tigers and Ottawa College. The score looked very much like a baseball score. Each man's name had opposite it the number of hits for a gain that he made, the number of tackles, kicks, fumbles and runs that he had negotiated successfully. The idea seems to have just died a natural death whether from lack of interest or not is not known.

FOOTBALL SITUATION IN SENIOR LEAGUES

Discussion and Forecast of Results in Various Major Unions

With the football season half finished as far as regular league games, for it may only first be started for the teams who will be in the play off, as sufficient opportunity has been given us to start and figure out what the result will be. There are three league matches left to be played and two of these take place in Kingston. Strange as it may seem Queen's take part in all three of these games. The dropping out of Ottawa College made the schedule rather uneven, as up to date Queen's have only played one league game whereas McGill has played three. Next Saturday Queen's go to Toronto to play Varsity and the team from Kingston are more or less dark-horses as they have played no game since they played McGill here a week ago last Saturday. Varsity may again be without the services of Jack Maynard and the team are feeling pretty stiff and sore since the trouncing they received last Saturday; nevertheless Toronto may be counted upon to put up the game of their lives if they were to lose they would be virtually out of the championship. The records of the two teams are as follows:—Varsity have played McGill twice, once up in Toronto at the beginning of the season when the Blue and White won out by the score of 25 to 13, and once here in Montreal when McGill had such a wonderful victory. Queen's have played McGill once and that here in Montreal and were beaten by the score of 15-5 when McGill was without Billington. If Billie had been playing against Queen's he probably would have made a difference of another ten points as this was entirely a kicking game. This record makes the Varsity team, without Maynard, and the Queen's team look very evenly matched. Since Queen's last game they have had two weeks' hard practice and ought to be in the very best of condition. Whichever way the situation is looked at it is very apparent that a great deal depends upon the game next Saturday if Varsity win it will probably mean that McGill will have to beat Queen's and then play off with Varsity. If Queen's win it will mark them as a very strong team and one against which McGill will have to play her very best if she hopes to come out at top of the football heap.

The Inter-provincial football season has been marked by a series of surprises. At the beginning of the year Argonauts were thought by many people to be strong enough to repeat their performance of last year and to win the championship. Ottawa started the series of surprises when they defeated Hamilton Tigers in Hamilton. This was the first game of the season and the result was a great surprise to football fans as Ottawa were not considered strong enough to be in the running at all. On the same day that Ottawa won in Hamilton, Argonauts defeated Montreal on the M.A.A.A. grounds. This made it appear as though Ottawa and Argonauts were the two teams who would fight it out for the championship. The next Saturday's game furnished another surprise when Hamilton defeated Argonauts in Toronto. Argonaut supporters blame poor judgment for this loss as they think that the Argonauts should have resorted to a kick in game and been satisfied in scoring one point at a time, instead of trying for bigger scores. The result of this game was that football enthusiasts thought Hamilton had improved wonderfully and at once picked them to defeat Ottawa in the Capital. Ottawa in the meantime had strengthened their team and managed to defeat Hamilton after a very exciting game. It looks at present as though the Ottawa team had the best chance to win the championship; but with so many surprises happening right along it is difficult to forecast the result with any degree of certainty. If Ottawa win in Montreal this Saturday they will have practically made sure of either winning the championship or of being in the play off. They still have three more games to play, one in Toronto and two in Ottawa. They could lose the game in Toronto and win their two home games and still be tied with the Argonauts.

In the Ontario Rugby Football Union the Alerts of Hamilton are at the present date picked to win the championship; as both Toronto Rowing Club and Par-dale seem to be somewhat weaker on their showing up to date. The Alerts have such well known players on their team, as Ross, Craig, the greatest line plunger in Canada, and Norm Lockie who played for Queen's during the past few seasons. The Dominion championship finals take place on the grounds of the team winning the O.R.F.U. championship. If McGill gets as far as the finals as she looks quite good enough to do at present, and Alerts win their championship as there seems little doubt of their doing, we can expect some great clashes between old rivals such as Craig, Ross and Buster Matheson, and Lockie and Billington.

THE STANFORD UNIVERSITY OF CALIFORNIA, on Wednesday, October 16th won a hard fought game over the Australian team. The score was 13-12 and some 3000 people witnessed the game, which was exceptionally well played. The Australians were in San Francisco for ten days and were the guests of Stanford, who certainly gave them a good time. On Sunday they had a trip to Santo Cruz, Friday they were entertained in the "Palo Alto" Armouries and on Wednesday evening, they saw the comic opera "Rambling Parneses."

MCGILL MEN TO PLAY ON MONTREAL TEAM Five Representatives of the English Rugby Team to Play in Nova Scotia The Montreal English Rugby team left yesterday on a trip to Maritime Provinces. This is of especial interest to McGill as five of our English Rugby team are playing for Montreal on this trip and Mr. C. Crosley is also acting as Manager. The English Rugby team in Halifax wished to play against McGill but it was found impractical to send a team on this trip as the expenses would be very heavy. Negotiations were then opened with the Montreal team and arrangements completed. The team play against the Wanderers of Halifax on Saturday and on Monday they will play against an all-star team picked from the Wanderers, H.M.S. Cornwall and Dalhousie. The Wanderers of Halifax came up to Montreal last year and were beaten by one point after two very exciting contests. The McGill men who are playing

SYNOPSIS OF DOMINION LAND REGULATIONS.

ANY person who is the sole head of a family, or any male over 18 years old, may homestead a quarter section of available Dominion land in Manitoba, Saskatchewan or Alberta. The applicant must appear in person at the Dominion Lands Agency or Sub-agency for the district. Entry by proxy may be made at any agency, on certain conditions by father, mother, son, daughter, brother or sister of intending homesteader.

Duties.—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 80 acres solely owned and occupied by him or by his father, mother, son, daughter, brother or sister.

In certain districts a homesteader in good standing may preempt a quarter-section along side his homestead. Price \$3.00 per acre.

Duties.—Must reside upon the homestead or pre-emption six months in each of six years from date of homestead entry (including the time required to earn homestead patent) and cultivate fifty acres extra.

A homesteader who has exhausted his homestead right and cannot obtain a pre-emption may enter for a purchased homestead in certain districts. Price \$3.00 per acre. Duties.—Must reside six months in each of three years, cultivate fifty acres, and erect a house worth \$300.00.

W. W. CORY, Deputy of the Minister of the Interior.

Y. W. C. A.

The first meeting of the Y.W.C.A., met Wednesday at 4 p.m. Miss Saunders was the speaker for the afternoon. She strongly advised the establishment of Bible Study groups, and that an active interest should be taken in social service.

Miss Saunders then outlined the work done by Miss Caroline Macdonald, in Japan, and the part Y.W.C.A. is playing among college girls there.

In conclusion Miss Saunders spoke of the importance of a College Y.W.C.A. in fitting its members for leadership.

TORONTO OLD-BOYS HAVE ENGAGED COACH

Careful preparation for Thanksgiving Day Game Being Made by Ex-Varsity

The Toronto Old Boys' team are getting right down to work for their game against the Carlisle Indians on Monday next. They will not do any heavy work but just get up their signals and learn the plays. Even though most of their work will be theoretical they expect to have a fairly good knowledge of the plays and the ways to break up the interference and mass formations that are such features in the American game. They have secured as coach Mr. G. B. Chadwick who was chosen by the coaches who are appointed each year to choose the All-Star team as the best man for his position on the

1909 team. He captained Yale in 1908 and played a marvellous game for the Dark Blue. The team which will represent Varsity will be picked from the following: Hugh Gall, Smirle Lawson, Jack Newton, G. Taylor, Pete Campbell, "Dutch" Gontor, Frank Park, Bobby Sinclair, Art. Muir, Charlie Gage, "Red" Dixon, Pete German, Mike Kennedy, Bob. Corey, Jimmy Disette. Some of these men are now attending the University but the Old Boys are finding it difficult to get enough men without obtaining help from the Under-graduates. It is thought likely, however, that Dr. Wright and Harry Griffiths will try to keep as many as possible of the Varsity regulars out of Monday's game. The seats for the game went on sale yesterday and there was great demand for them all day.

FRAT PENNANTS WERE MUCH TOO POPULAR

Gorgeous Fraternity Banners Appeal to Decorative Instincts of Verdant Freshman

An amusing incident has occurred in connection with the Supply Room in Strathcona Hall. It has always been one of the most noticeable things about the freshman that he is terribly desirous of decorating his room in the most approved College fashion. To do this he at once proceeds to purchase college pictures and pennants.

The Supply Room this year carry a most excellent stock of fraternity pennants and these caught the eyes of a large number of freshmen patrons of the place who immediately proceeded to purchase the ones which tickled their particular fancy. The result is that the walls of many a room in many a Montreal boarding house are decorated with fraternity pennants while the occupants are not fraternity men.

When this was realized many of the fraternities here thought that this should not be allowed to go on and now these pennants are only sold to men who present written orders from the heads of their fraternities.

It is said that judging by the pennants on the walls on some of our freshmen one would be led to believe that the occupants belonged to several of the fraternities at the same time. The joke is on the verdant freshmen once more.

The "freshies" of the University of California were victorious in inter-class meet. No records were broken by the "habes" as they are named in that University.

PALESTINE EXHIBITION

After three weeks of phenomenal success the closing exercises took place at the Palestine Exhibition in the Arena last night. There was a record evening's attendance of 2,500 people, which is a good indication that their interest had not flagged at the last. In the course of an interview with the General Secretary, Mr. Byrnell, our "Daily" representative was informed that the Exhibition had not only covered its expense but that their would be a surplus balance. Few people perhaps realize the big expense of opening such an exhibition. The outlaying expenses, said Mr. Byrnell, come to \$25,000, before the doors are open and it must be emphasized that the primary object of this exhibition are not lucrative but of a religious nature. The twofold object of the exhibitors have been to help people to read their bibles more intelligently in the light of its oriental setting, and to make people more interested and less apathetic towards Jewish missionary work. The ringing note throughout all Mr. Schor's lectures has been that the bible is an Eastern book and to be thoroughly understood people must be familiar with Eastern scenes, eastern life, and eastern customs. Apart from last night's record attendance at the Exhibition there has been an average daily attendance throughout the three weeks it has been with us of 1,500 people. All Christian creeds have been represented, including a large number of Roman Catholics.

Two days ago a school of Jesuit Priests visited the Exhibition and a number of Jews have also shown their interests by their presence. There is every indication of an increased interest in Oriental affairs and in the social and religious problems which affect the Jewish Race.

A great feature of the Exhibition have been the Daily Costume lectures, vividly portraying daily life in Palestine, not only as it was in the days of our Lord, but as it is at the present day. On the closing night market place scenes were vividly portrayed, and many quaint customs caused great amusement amongst the crowded audience. Manners and customs in the east are almost invariably the opposite to what they are in the west, so that to the western many apparently funny situations are brought about. This accounts for many saying in the Bible being misconstrued by the Western mind owing to its unfamiliarity with the life in that land where the Book was written. The Exhibition was formally closed by the chairman of the Executive Committee, the Bishop of Montreal. Amongst the other speakers were the Rev. J. P. Stratford and Rev. Samuel Schor, general manager of the exhibition. All the speakers expressed their deep appreciation and gratitude for the way the people of Montreal had helped to make the exhibition such a success.

ANNOUNCEMENTS

HARRIER CLUB.

The following men are requested to turn out Friday afternoon at five p. m. sharp for a light work-out, Russell, Walsh, Hague, Scott, Struthers, Wall.

There will also be light work-outs on Tuesday and Thursday, while on Wednesday afternoon the final selection of the Inter-collegiate team will be made. White, of Macdonald College, who had the misfortune to lose his way while running an easy fourth less than half a mile from the finish, will be given another try on Wednesday, over the same course, and the first five men will then make up the team with the sixth man as spare. All harriers are invited to join in these runs till the close of the season.

A meeting of the Tennis Club executive will be held in Strathcona Hall at 5-30 this afternoon. Every member is urgently requested to attend.

The Philosophical Society will hold its first meeting this session in Strathcona Hall, on Wednesday, Nov. 6th at 8 p.m., and not on Oct. 30th, as stated.

WATER POLO.

The following teams will represent McGill against M.A.A.A. at the M.A.A.A. bath to-night at 8.15 p.m.

Art. McKay goal Egerton J. B. Thom defence S. Baldwin E. Stavert " H. Patterson C. Redman forwards F. McGill C. Mactavish " J. Kerry G. Trapp " E. McGill

RIFLE CLUB

There will be a practice shoot on Monday morning, car leaving 8.30. Sign at the Union. All those having out old Mark 2 rifles will exchange immediately for new rifles as the old ones are to be returned to the stores. All those shooting on Saturday's Medal Competition sign up before Thursday night. A special car leaves La Salle Ave. at 1.30.

LOST

On the lawn in front of Chemistry Building. A black loose leaf note book faced with red containing Science notes. Finder leave with Janitor Engineering Building.

MEDICAL SOCIETY

There will be a meeting of the McGill Medical Society this evening, when Prof. Simpson will deliver an address on Darwin. There will be the usual programme of music and case reporting.

After leaving Montreal the exhibition is to proceed to London, Ont., and then on to several other Canadian towns.

WATCH OUR Bargain Windows

McGill Students' Supply

The College Store, controlled and operated for the benefit of every McGill man by the Students Council.

We know what College Men require as we are all College Men ourselves.

We plan every day to sell some line of goods at cost.

Here are the list for to-day:

Gage's loose leaf Note Books, regular 35c line, to clear at 25c.

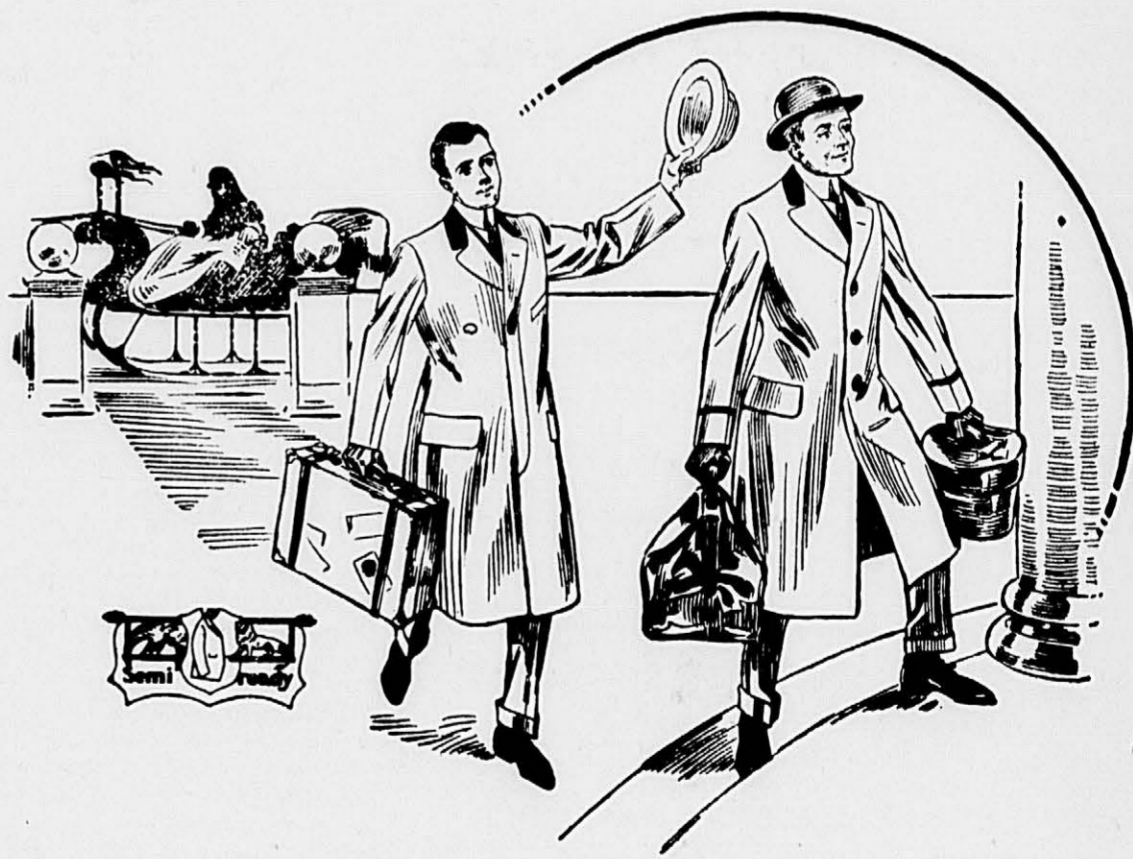

McGill Seal Pennants, regular \$1.60 for \$1.25.

College Posters, regular 50c line for 35c; also 35c line for 25c.

McGill Blotter Pads, regular 50c line for 25c.

ALL UP!

ALL UP!

Home for the Holiday!

YOU may want something new for the holiday jaunt, either to the old home or the old friend.

While Semi-ready Tailoring offers you quick service, we put larger emphasis on the quality service, the better clothes for less money, such as only a great specialized organization can produce.

Look for the Price Look for the Name Sewn in the Pocket Always the Same.

May we show you the new Overcoats, at \$15, \$20 and \$25, or the Suits at \$15 to \$35? There is nothing better made in the world. Just to show whether you are interested now or afterwards.
